

TERRATILE®

TERRATILE® is the latest cam lock system. The patented rounded feet carry the weight load and the lateral locking cams connect the tiles together.

TERRATILE® like all natural grass Terraplas® Products is manufactured from high density polyethylene, a translucent natural material, which allows the passage of light, ensures grass growth.

TERRATILE® (2007)

Terratile® Dimensions:

10.67 sf of surface area per tile. 39.13" x 39.25" x 1.3"

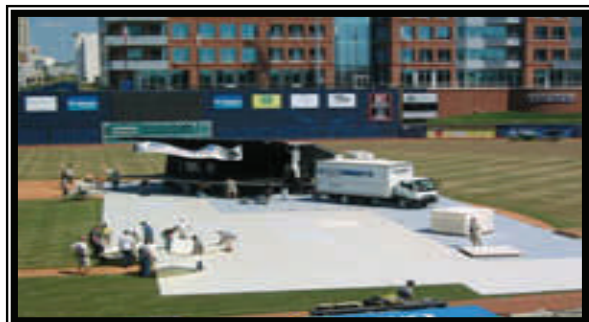

Storage:

Pinned in blocks of four, placed on pallets 18 high = 768.24 sq ft per pallet. If stacked 3 pallets high 16,133.04 sq ft stores in a space of 45.5ft x 6.5ft.

TERRATILE® has the same height profile as **TERRAFLOR®** and surface sq footage as the **TERRAPLAS®**. It has the same locking cams and feet systems as **TERRAFLOR®** &
